

**Joined Workshop
25th May 2011
Prato, Italy**

AGENDA

14:30-15:00 *About burden and online CIS/SAC - The case of Terrassa:
Peplluis de la Rosa i Esteva*

15:00-15:15 *The concept of a 'Digital City' : taking best practice examples from across Europe and applying them in the local context. Odisseas Raptis*

15:15-16:00 *iSAC6+ in Italy: Prato and "Linea Amica". Their approach to online CIS/SAC.
Paolo Boscolo and Salvatore Marras*

16:00-16:30 *The iSAC community: "it is about the future deployment through an open community; how can users join the community (adopters); what are expected to do and receive"
Miquel Montaner*

16:30-18:00 *The "Digital Cities project"*

- *Running until December 2011, the project aims to promote the concept of a 'Digital City' by taking best practice examples from across Europe and applying them in the local context.*
- *The Digital Cities Model, will bring together the experiences, knowledge and know-how from these partners, to provide other European cities with real-life examples of how ICT can be successfully integrated as part of a city's infrastructure."*

18:00: *Wrap-up and action plan for the future: how to answer identified needs?*
